

## SALLY PEACHTREE & SNOWBALL

I heard peach trees produce the best fruit in places where it gets cold in the winter, this is a story of one such peach tree by the name of Sally.

Sally the peach tree was very happy growing in a peach orchard in the little town of Shiloh Tennessee you see the peaches she produces are like little children all growing on Sally's branches. O but at some point when they are all ripe and ready for harvest the farmer comes and takes all of poor Sally's precious peaches far, far away.

While the peaches are growing Sally is very happy, in fact all the peaches can be heard singing very happily. Sally's peaches sing songs of peace, hope, and love, as Abba Father watches day and night.

O but now was the time of year when the snows began to fall and that means the peach harvest has begun. Soon all of Sally's precious peaches would be picked and shipped off to the market far away. But wait there is still one peach left on Sally's tree all covered in snow, hopefully the farmer won't notice.

That winter Sally was not alone for she had her little peach snowball to keep her company for the whole winter. Then in the spring as the snow began melting away, Sally's precious peach snowball melted. It broke Sally's heart to see her little peach snowball go, but she thanked God for the time they shared in helping to make a very cold winter a lot more tolerable that year...Amen

John 14:27 Peace I leave with you, My peace I give to you, not as the world gives do I give to you, let not your heart be troubled neither let it be afraid.
